hospital of the Holy Sacrament being particularly damaged. Some sisters and some of the nurses lost their lives. In front of Donipierre to the west of Peronne the explosion of a German mine was followed by a violent bombardment of our trenches. An attack on the part of the enemy executed by a not numerous force was easily checked by us. On the heights of the Meuse there has been no change in the situation. We are maintaining our positions in a portion of the second German line. In Lorraine near Lientry the enemy delivered a counter attack but were repulsed.

AUSTRIANS CONSTANTLY REPULSED EVERYWHERE

VERONA, Italy, via Chiasso and Paris, June 24.—According to reliable information that has reached here the Austrians have received such reinforcements as to enable them to take the offensive throughout the fronts but are constantly being repulsed everywhere with heavy losses.

FURTHER VICTORY FOR AUSTRO-GERMAN FORCES

BERLIN, via London, June 24.—A further victory for the Austro-German forces in Galicia was announced Thursday by army headquarters. The army of General von Linzinger, which has been meeting with stubborn opposition from the Russians along the Dniester river front, has succeeded in crossing the river.

RUSSIANS REFUSING TO SAY "WE ARE WHIPPED"

PETROGRAD, via London, June 24.—The Russian retirement through Galicia entailing the evacuation of Lemberg is likened by Russians critics to General Joffre's retreat to the Marne in the early part of the war. They explain that such a successful retirement keeping the army intact is no wise equivalent to a defeat. As General Joffre was not afraid to permit the Germans to approach near Paris, so the Russians claim not to be alarmed by the approach of the Austro-German forces to Russian territory.

The evacuation of Lemberg, it is felt here, can have no strategic importance other than the loss of a large popular center. The firmness of the Russian stand on the river Tanais leads to the belief that the Russian army will soon reach its own border, where upon being reinforced it may prove the German elation over victory to have been premature. This belief is strengthened by the failure of the German army to make material progress at other points along this front.

WEDDING BELLS

Will Not Ring for Couple because They Could Not Agree on Home Place.

ALDERSON, June 24.—There will be no wedding bells for Miss Sibby Dunbar and Caperton Dixon because they could not agree on where they would reside after they were married. The wedding feast had been prepared and the license obtained. A short time before the time set for the ceremony the couple took a drive, hoping to settle their differences, but when they returned they were no nearer an agreement than when they started, and Dixon drove away leaving Miss Dunbar in tears.

"If I give in now, I'll have to all the rest of my life and I won't stand for that," he said.

KEARNS RETURNS

From the European War and Will Go on a Lecture Tour in Parts of the State.

Flaherty Kearns is here to spend a few days with his many friends. Flaherty has just returned from the "war zone" in Europe where he has been engaged for several months as correspondent for "Old Braddock" Gazette. He has many experiences to relate, which are not only abate with thrilling adventures and hair-breadth escapes, but are interesting on account of his style of description, which is characteristically bizarre. One of the most startling incidents he describes, is while searching for the very newest news from the front, his zeal took him far over the firing line. While right by his side a soldier who had volunteered from this country was struck down by a rifle shot. Flaherty suspended work for a while and rendered first aid and remained with him until he was discharged from the hospital.

It appears that the bullet that wounded this young soldier passed through the Flaherty's head and was not removed. When the wound healed up, the only annoyance it caused was when the man moved or turned his head, the bullet rattled. Flaherty explains that this was no great wonder as the soldier had enlisted from Gratton.

Flaherty expects to remain this week and will go on a lecture tour through Braxton and Calhoun counties.
